A Message from Max

When our children were small we gave up watching the news on television the day our daughter asked ..."Why are there always bad things happening in the world?" She is now 32 and guess what, when we watch the news it seems that nothing has changed. Most of the stories presented reflect a high degree of political and social unrest in many parts of the world. Moreover, the level of violence against humankind seems to have escalated. Add to this the bad press surrounding the Olympics, be it the potential impact of the Zika virus, the doping scandal that has rocked Russia, or the security of athletes in Brazil, and you wonder where the good news exists. Well let me tell you.....

Watching and listening to Ella and Bryden Nicholas speak from the heart about their kayaking, one cannot help but recognise

are excited about being a part of a world event that draws in countries across the globe. As a school we share in their excitement and revel in the fact that they epitomise what we want for our students when they finally leave Matahui School. There is not just good news, but GREAT news.....thanks Ella and Brydon for being such shining lights. Welcome back to Term 3 everyone.....9 weeks of good news ahead.

Ka kite
